

Custom Cloisonné Ornaments

Our custom cloisonné ornaments are handmade, 24k gold plated and each one comes with a silk covered ornament gift box- perfect for gift giving and safekeeping.

We can incorporate any logos, wording, images, landscapes, landmarks, building facades, colors, etc. We can also design custom shapes.

No art charges or set up fees, and you are not obligated to buy if we work up a design for your review.

*mock-up design will be 8 ½ x 11" and true to size; all black lines, swirls within design will be 24k gold plated.

Step 1: Creation of Design- we will change the design until you are 100% satisfied. The more information we have regarding what you want upfront, the fewer changes down the line- this also helps us to keep the design process free of any design charges or set up fees. Upon Approval of the design, we can proceed with your order- you are not obligated until you have confirmed your order with us.

Step 2: Handmade Production Process (please see cloisonné information sheet for further details)

Each ornament is a work of art and an interpretation of the approved design.

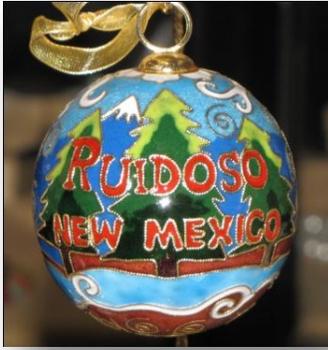

Something to consider: The earlier in the year your order is placed, the shorter the turnaround time: on average 6-10 wks.

Custom Ornaments are great for
